Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Newmarket Police Department Technology Upgrades in fiscal year 2025. The entity to receive funding for this project is the Newmarket Police Department, located at 70 Exeter Street, Newmarket, NH 03857. The funding would be used for improved dispatch and land mobile radio consoles, along with modern document management software to assist the Department in becoming an accredited agency.

The project is an appropriate use of taxpayer funds because these technology upgrades will allow the Department to increase its capacity by allowing for better operational redundancy and over-the-air control. The modern document management software upgrades will assist the Department in becoming an accredited agency and meet modern policing standards.

This project has a Federal nexus because it is for the purposes authorized by section 1701(b)(8) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10381(b)(8)).

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Chris Pappas".
