Dear Chair Granger and Ranking Member DeLauro,

I am requesting funding for the City of Manchester, NH Christian Brook Sewer Separation Project in fiscal year 2024.

The entity to receive funding for this project is in the City of Manchester, located at 300 Winston Street, Manchester, NH, 03103.

The funding would be used for the construction of a new lateral drainage system for the northern central portion of the city stretching from McIntyre Ski area to the Merrimack River.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Chris Pappas". The signature is written in a cursive, flowing style.

Dear Chair Granger and Ranking Member DeLauro,

I am requesting funding for the City of Manchester, NH Christian Brook Sewer Separation Project in fiscal year 2024. The entity to receive funding for this project is in the City of Manchester, located at 300 Winston Street, Manchester, NH, 03103. The funding would be used for the construction of a new lateral drainage system for the northern central portion of the city stretching from McIntyre Ski area to the Merrimack River.

The project is an appropriate use of taxpayer funds because it will reduce combined sewer overflows, thereby improving Merrimack River water quality, expand recreational opportunities, and promote appropriate aquatic growth. It will support residents of New Hampshire and the 600,000 people that take their drinking water downstream from Manchester.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Chris Pappas".
