Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Londonderry High Range Road East Drinking Water Extension in fiscal year 2027. The entity to receive funding for this project is the Town of Londonderry, located at 268B Mammoth Road, Londonderry NH 03053. The funding would be used to expand the public water system into a heavily PFAS-impacted neighborhood immediately east of and outside the Saint-Gobain consent decree area. This project would construct approximately 7,500 linear feet of 8-inch water mains serving four residential streets and will provide access to public water for 66 properties.

The project is an appropriate use of taxpayer funds because it will support the Town's efforts to address a town-wide PFAS drinking water crisis and safeguard access to clean drinking water for its residents.

This project has a Federal nexus because it is for the purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Chris Pappas".
